## NEED HELP DOWNLOADING OUR DOWNLOADING OUR

## 1

To allow downloads of apps not on Google Play you must first change your phone's download settings. To do this firstly go to the 'Security' section in the 'Settings' menu on your device.

Settings ~ ~		
Perso	nal	
•	Location	
Ô	Security	
8	Accounts	
۲	Language & input	
٥	Backup & reset	
Syste	m	
0	Date & time	

CANCEL

**3** 

With your settings updated simply visit **Racingpost.com/android** on your mobile browser and click the 'Download the app' button 2.

Within the 'Security' section you'll need to make sure you tick the box next to 'Unknown sources'. Now your phone will allow downloads from non-Google Play store apps. (Note different devices may vary)
